Good Salesmanship Care

ISN'T EVERYTHING to good storekeeping; even a good salesman fails when he tries to sell, cautiously, clothing that isn't made as it should be. In the long run only the best clothing pays; especially when the best clothing can be had at the price of the next best. Our clothing is so well made, so attractive in appearance, and looks so desirable that it requires less energy and breath and persuasion on the part of the salesman to sell it.

After we have sold it once, we the same customer. It is the kind of clothing that brings your customer back again and again-the kind with which we can build up a last ing trade. And that is what we are doing in all our lines.
